Dear Warden McGrew,

I am faxing you the copies of ULP Charge AT-CA-10-0086 as you requested in the LMR Training last week.

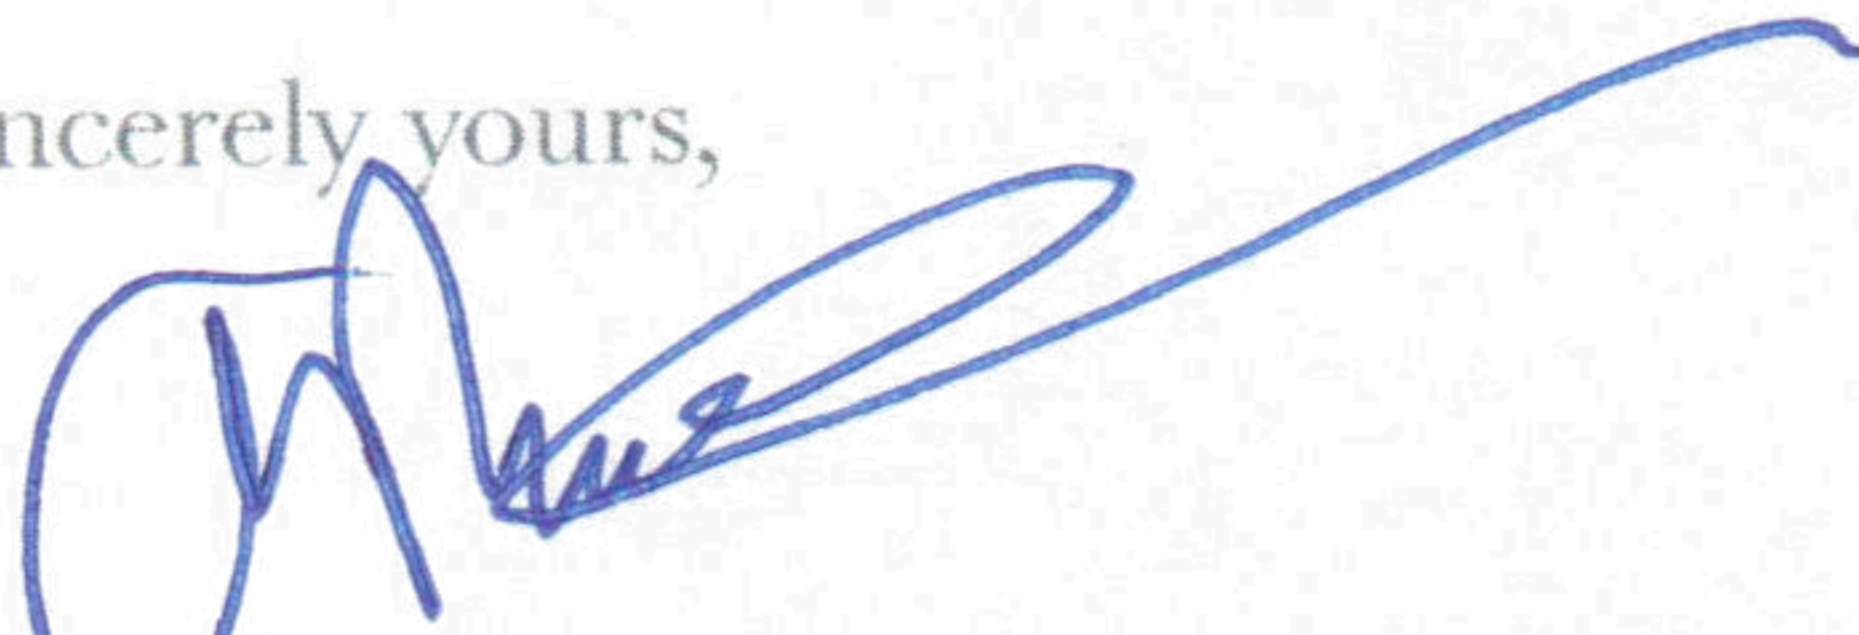

This charge can be dismissed by this writer if these “ **counseling letters**” are removed from the files of the employees that were affected.

Due to the fact that we are in “ **Correctional Workers Week**”, it would mean a lot to me, the staff, and the Union that these letters are expunged from the records. I believe that this would demonstrate a commitment to work effectively with the Union, a show of good faith bargaining and a morale booster for the staff in Medical that have been for many years short of staff and resources.

Thank you for listening to me in the LMR training and I do hope that we can open the doors for effective and long lasting dialog between the Union and Management.

If you need any further information, feel free to contact me for further assistance.

Sincerely yours,

Art Reynaldo
